NOTE FOR: Deputy Director of Central Intelligence

VIA: Director, Office of Congressional Affairs

STAT

FROM:
Deputy, Senate Affairs

SUBJECT: Amendment to Senate Intelligence Authorization Bill
Concerning Net Assessments

STAT

1. of the I.C. Staff just phoned to inform us STAT
he has obtained from Mark Robinson, minority staffer on the
Senate Armed Services Committee, the language of an amendment
which will be offered tomorrow to the Senate Intelligence
Authorization Bill. planned to Fax the language out to
Headquarters but their Fax system is down so we are picking the
document up and should have it by the close of business.

2. said the language does not appear to be hurtful to
Agency interests but it does say the net assessments should be
made available outside the Defense Department. The amendment
also calls for the DCI and and Secretary of Defense to come up
with a plan for net assessments by 1 March 1988 and to
implement the plan by October 1988.

3. The amendment language will be delivered to you as
soon as it is received.
